1 Some third party software and devices may currently have limited functionality or not be compatible with this model. Please confirm with third party vendor or manufacturer for compatibility.
2 Memory Stick media sold separately. Supports ATRAC3 secure audio content when used with the MagicGate Memory Stick media in capacities up to 128MB. Tested to support Memory Stick PRO media capacities up to 1GB, does not support high speed transfer, does not support access control security function, and does not support MagicGate copyright protection in Memory Stick PRO media.
3 Includes serial interface.
4 Software functionality provided by Picsel Viewer, a product of Picsel Technologies, Ltd.
5 Requires compatible 802.11b wireless access point, some of which require a fee. Use of this Bluetooth enabled device may vary as not all Bluetooth devices are compatible. If used with a Bluetooth enabled mobile phone, ISP service fees apply.

Computer Interface: The computer industry lacks standards, and therefore, there are a multitude of varying software packages and add-on hardware options. This device is not manufactured to any specific software, and Sony does not and cannot make any warranty or representation with respect to the performance of this product with any particular software packages and/or non-Sony add-on hardware option except those mentioned in this document. Sony hereby disclaims any representations or warranty that this product is compatible with any combination of products you may choose to connect. While Sony representatives or Sony authorized dealers may be able to assist you and may make recommendations, they are NOT authorized to vary or waive this disclaimer. Purchasers must determine for themselves the suitability and compatibility of the hardware and software in each and every particular instance. Some pre-installed software titles may not include full documentation. Software titles pre-installed on the Sony CLIÉ handheld are subject to change without notice.
